

Classroom News

Teacher: Mrs. White K3

Date: May 2022

Language and Math Skills

As we finish out our learning time together we will cover the last two letters of the alphabet: Y and Z.

Beginning the week of May 10th I would like for your child to bring a stuffed animal for our pretend Zoo. Please have your child bring the animal in a box to represent a cage! Feel free to decorate it or simply write the name of the animal on the box. We will send the animals home the following week.

Please review counting to 30 with your child to see if your child can meet our year end goal.

THANK YOU

I would like to thank each family for allowing me to teach your child during this school year. When we began the year your children were so young. They have made so much progress in numerous many ways.

It has been such a joy to share this year of learning with your child.

Bible Stories

Sharing God's word with your child has been such a blessing for me and Mr. White. Young children absorb the bible truths so genuinely. I am always amazed at what they retain.

We will spend the last few weeks reviewing some of the Bible stories and memory verses that we have covered this year.

Chapel

I hope you have Thursday, May 5th circled on the calendar for our 8:30 am program.

It will only last about 15 minutes but hopefully it will stay in your heart for many years!

The program is held in the Bouquet Room in our Agape building.

Thanks for all of the snacks that your family has supplied this year. I also appreciate how you have supported all of our classroom activities.
